A Mile Over Berlin Your Used Fats Helped Bring Him Home

ONCE, THAT BURST OF FLAK would send his plane down in flames. But today, a synthetic rubber coating around the tank seals the punctures... helps bring him home again. To make this coating, to make explosives, soaps, and other war materials, used fats are needed in ever greater quantities.

SO KEEP UP the good work! The more used fats American women save and turn in, the less fresh food fats will have to be diverted to the war machine. Save every precious drop of used fats. When the can is full, rush them to your butcher and get 2 free red points and 4c for every pound. Do this—for yourself and for your country.

Will Service There Cost Too Much...?

To many it may seem as though Hughes Funeral Service with a beautiful Funeral Home, the organ and other fine appointments should cost more—and it doubtless would if we served only a few.

But a great many families prefer Hughes Funeral Service. That enables us to provide these surroundings at no greater cost than you would pay elsewhere. In fact, many have told us our charges are less.

Liberators destroyed a number of enemy planes on the ground at Sorong, on the northwestern tip of New Guinea. Other Bombers put the Japanese airfield at Manokwari, 120 miles west of Biak, out of commission.
The official revised list for the Marianas campaign showed 747 enemy planes destroyed, 58 ships sunk, 51 damaged and two probably sunk, and 13 barges destroyed.
American losses were 151 airplanes. Four American ships, including a battleship and two carriers, were damaged superficially. These are Navy figures. Supporting strikes by land-based planes brought enemy losses for the period to at least 632 planes.

Tense Behind the Scenes Work Ends In Chicago As G. O. P. Convention Opens
By JAMES MARLOW
Associated Press Writer
CHICAGO, June 24—The Republican convention to nominate a presidential candidate moves out into the open today after a tense behind-the-scenes drama.
In contrast to the usual pre-convention hurly-burly, most of the real activity during the past week has been behind closed doors and by telephone: lining up votes for candidates and whipping together a platform.
The work of Governor Dewey's campaign managers, out of sight, is unveiled quietly but steadily as more states throw their support to the New Yorker who said he was not a candidate.
His workers don't use up energy shaking the hands of casual visitors to Dewey headquarters. They're in upstairs rooms concentrating on state delegates whose votes will count when balloting starts Wednesday. The forces of Ohio's Governor Bricker have been equally active.
Young men, off to war, are rare here among the delegates. But the place is full of the middle-aged and the old: tidily barbered business men and men with tanned faces, fresh from the country; women in cheap printed dresses and women in pearls and evening gowns.
The delegates whose decisions have been made sit in lobbies or

Letters dated June 16, 12 and 13 have been received by Mrs. Jack. One received today contained some French money, German cigarettes and a German corps insignia. Sgt. Jack went overseas the day after Christmas.
Letter from France
James Lingo Jr., 36, son of James Lingo of 317 South Vine street, in a letter received yesterday by his family expressed the opinion that they probably knew as much about the invasion as he did when he wrote from "somewhere in France." A military police escort guard, he entered service in March 1943 and has been in England since April this year. He entered service from Shelby where his wife is making her home during his absence. Mrs. Lingo's son, Harold Eugene Thomas, coxswain, U. S. Navy, who has been in service for five years, has been a prisoner of the Japanese military forces for more than two years. A letter, written June 28, 1943, was received by his mother last December, and was the last news the family has received. He was 23 years old on Flag Day, June 14, and has spent his last three birthday anniversaries as a prisoner of war.
He also sent Father's day greetings to his father and asked that the family keep writing as he is always looking for letters from home.

Check air pressure and wheel alignment to conserve tires. Proper inflation in hot weather is very important.

Change oil when necessary. Oil breaks down under excessive heat. Make sure your oil filter is working efficiently.

Watch your fan belt. Keep it tight to assure efficient cooling. Costly repairs can result from neglect.

Don't overlook your battery. Evaporation is more rapid in hot weather. Add water frequently as needed.

Watch all water connections to avoid unsuspected leaks. Hose may have deteriorated and need replacing.

WITH THE 37th INFANTRY DIVISION, BOUGAINVILLE. More than 800 yards ahead of their front line on this jungle island, while security patrols keep a sharp eye out for moving Japs, American infantrymen of the 37th infantry division are undergoing a "refresher course" in weapons as rigorous as any in the training camps back home.

On machine gun and rifle ranges cleared by machine and bulldozer along dense jungle trails where dummies suddenly drop from trees a scant six feet away, these veterans of two hard-fought campaigns are keeping their trigger fingers in trim against the day when the Japanese may again break the lull in their sector.

Bazookas, too, are fired in this front-line training area. Daily, infantrymen are going forward with rocket launchers to blast at thick slabs of salvaged armor plate with the same fighting spirit they would use to smash Jap tanks or pillboxes.

The ranges could not be placed inside our lines without endangering our own troops. Patrols and outposts have kept the Jap under close check beyond our main defense positions, although occasionally some do filter in.

Under the direction of Captain Lawrence D. Roberts, Lavenham, Ky. Lieut. Clifford Wise, Fremont, O., and Lieut. Edward A. Wilkerson, Fort Wayne, Ind., five firing areas have been set up. They include a 500-yard regulation rifle range, a machinegun range for both .50 caliber and .50 caliber guns, a similar range for Browning automatic rifles, the Bazooka range, and a "snap shooting" range. Ordnance units have provided plenty of salvaged ammunition.

The "snap shooting" range is perhaps one of the most important to infantrymen in jungle warfare. Along a matted jungle trail the infantryman suddenly is confronted with surprise targets, which spring from the dense foliage too quickly for him to get his rifle to his shoulder. He must shoot from the hip and shoot fast.

YANKS CAPTURE ITALIAN PORT

Seizure of Piombino Provides Valuable Advance Base for Allied Supplies.

By The Associated Press

ROME, June 26—American troops of the 14th Army captured the port of Piombino without opposition yesterday, thereby gaining a valuable advance supply base for continued thrust up Italy's west coast, while both American and British troops continued on the Italian front of the Anzio beachhead.

Two Villages Taken

Further inland the Germans were forced back from the approaches to Siena from three directions. One Fifth Army division captured the villages of Tonnella and Scivola and threatened the town of Montecatini, five miles further north and less than 15 miles south of Siena.

French troops advanced on the west side of the river Ombrone 20 miles south of Siena. Other French forces approaching from the southwest took the town of Castiglione della Pescaia and the village of Rocca di Mare, 25 miles from Siena.

Between these points and the Tyrrhenian coast the reinforced enemy was employing considerable numbers of big Mark VI Tiger tanks, which were defeated in a midnight battle in the area of Massa Maritima. The enemy delaying position in that sector was by-passed or wiped out.

ATTEMPT RESCUE OF STRANDED PILOT

A second party, including a U. S. Coast Guardsman, reached here at a knockdown boat and ocean-type rescue equipment, flown from the Pacific coast. Pack animals will carry them to a camp which the rangers will set up 400 feet across the ebbing stream from the base of Tonto Plateau.

The unidentified flier was believed one of three who parachuted last Wednesday (23) from a heavy bomber when it encountered temporary motor trouble over the canyon.

CHERBOURG WOUNDED ARRIVE IN ENGLAND. Walking down the ramp of a landing craft and up a gangplank are the first American troops wounded in Cherbourg to arrive at a British port. These men were hit in the fierce drive to capture the strategic port whose possession would immeasurably strengthen the supply position of the Allies in France. RAF KEEPS UP AIR PRESSURE ON NAZIS

LONDON, June 26—Versatile RAF Mosquitoes flying from Britain maintained steady allied air pressure on the enemy both in Normandy and the German homeland overnight while medium and heavy bombers from Italy hit Budapest, Hungary's capital.

Nazi Strong Points Fall

The American flung themselves into the city yesterday in a flaming avalanche of steel and explosives that blotted out one strong point after another and nullified the last-ditch defense of Nazi soldiers under orders to die rather than yield.

Many did die. But many more yielded in the face of the Americans' withering fire and trooped by the hundreds into prisoner of war pens.

Entering the city under fire with the troops in the late afternoon, Associated Press Correspondents Don Whitehead described how the artillery fire of the assault forces shattered each German strong point while German demolitions exploded and flames among the harbor facilities.

Defense of the city cost the Germans dearly. Whitehead told how the last mile of the advance was strewn with Nazi corpses. It was estimated by a senior British officer that about 30,000 German prisoners would be taken at Cherbourg.

Talk Turns to Director of Dewey Campaign

By The Associated Press

CHICAGO, June 26—The delegate tide was swinging away so much in favor of Gov. Thomas E. Dewey for the Republican presidential nomination that talk turned to the man who may lead his campaign.

As the national convention opened, there was speculation that Dewey might turn again to 40-year-old Herbert Brownell, Manhattan lawyer, for a prominent part.

Brownell, who has been one of the New Yorkers leading a movement to make Dewey the nominee, directed Dewey's campaign for governor in 1942 and the campaign of Joe R. Hanley for the lieutenant governorship a year ago. He is one of Dewey's closest friends. He said he would devote his full time to the campaign, if Dewey is nominated.

One source said that in the event of a Dewey-Warren ticket, the actual chairmanship of the national chairmanship might go to the midwest, but no one professed to know what Dewey had in mind. Both State Chairman Edwin F. Jaekle and National Committee Chairman Russell Sprague have been mentioned for the chairmanship.

On the Mosquitoes last night attacked German troops concentrations, railroads and supply dumps near the French battlefront and industrial objectives in the German city of Hamburg, north-west of Duisburg.

Weather Bad Today

Unfavorable weather this morning threatened to limit today's operations over the beachhead sectors.

(The German radio said violent air battles raged this morning over the area around Vienna and further east along the Danube valley as German fighters attacked formations of allied bombers—presumably striking from Italy.)

Beyond the Normandy front lines the Mosquitoes left German supply dumps hidden in the forest of Bretonne on the Seine a mass of flames. Crewmen said the fires stretched two miles and were advancing in a series of semi-circles when they left.

SAYS NEW DEALERS POLITICAL MEDDLERS

By The Associated Press

CHICAGO, June 26—Gov. Dwight H. Green of Illinois today accused the Roosevelt administration of "political meddling" with Army and Navy heads in the conduct of the war and pledged that the Republicans, if victorious in November, will give the professional fighting men a free hand.

Welcoming the delegates to the Republican national convention, Governor Green denounced "New Dealers" as seeking to remain in power on a "win the war" slogan and asserted:

"The winning of the war is uppermost in the mind of every American...there is no 'win the war' party in America and public opinion has so properly rebuked the attempts of the New Dealers to grab that slogan that they have almost completely abandoned it."

He said a Republican "rumph" this year would "strike dead into the hearts of the enemy."

"They will know," Green said, "that the government of this nation has passed into the hands of men determined to cut all the red tape and bureaucratic interference with the trained leaders of the United States Army and Navy. Those officers will have in the conduct of the war the unstinted support of the Republican administration, free from the political meddling of second-string bureaucrats."

He praised the delegates as "unwavering by the word of a man" and said they were dedicated to work not only for "the heralded objectives of the 'Four Freedoms' but resolved to reestablish here in America the 33 freedoms guaranteed to all citizens under the constitution."

It's Hot in Chicago

Chicago, June 26—The convention of the G. O. P. in Chicago today was a big day for the party. The delegates were gathered in the city hall and the keynote speech by Gov. Dewey was heard.

Back to the speaker were the delegates of the G. O. P. and they began and extending to both sides of the speaker were places for 500 special guests.

Extending to right and left to the platform lounge were rows of reporters' desks, facilities for 200.

Helping pass the time away, the giant stadium organ struck up "The Good Old Summer Time," then rolled into "On, What a Beautiful Morning."

Spectators and delegates joined in singing "Home on the Range." "About that time, a story came in over The Associated Press wire-type in the A.P.'s platform working section reporting that Dewey reached his office later than usual today but otherwise made no change in his schedule.

Dewey's Schedule Unchanged

Dewey is known to have made train reservations that will place him in Chicago in time for an acceptance speech Thursday.

The first day's program called for the Republican National Chairman Harrison E. Spangler's arrival at 10:15 a. m., central war time.

BRICKER

(Continued from Page 1)

convention," declared George H. Bender of Cleveland, a congressman-at-large and long a staunch backer of the governor. It was Bender who proposed that Bricker and other candidates address the convention and, while he did not mention it himself, others recalled how William Jennings Bryan of Nebraska appealed to the Democratic convention in 1896 and, with his famed "Cross of Gold and Crown of Thorns" speech, captured the nomination for president.

Even as various states were announcing they would cast first-ballot votes to Dewey, the silent New York governor, Rep. Clarence Brown of Blanchester, Bricker's floor manager, declared the fight was neither won nor lost and he still was hopeful of victory. There was hope, he explained, in the possibility that sufficient unpledged delegates might swing to the Ohioan to make a contest of the convention.

He mentioned reports that 50 of Illinois' 59 votes would go to Dewey, then added he had talked with "many" of the 50 delegates and was told they still were free to vote for whomever they pleased.

Backed to Limit

"We're going to back Governor Bricker to the limit," Brown said. "There's no quitting in Governor Bricker and there's no quitting in the Ohio delegation. We're going to slug it out."

Bricker appeared before Minnesota delegates in presidential headquarters of L. C. McHardy, Ed. Stassen and got a round of warm applause.

A caucus of Ohio delegates selected the following members to serve on various convention committees:

Senator Robert A. Taft and Miss Abma Cernak of Cleveland, resolutions. Amos H. Englebeck of Akron, rules; Harry N. Hansen of Toledo, permanent organization; Ed D. Schorr of Cincinnati, credentials; Congressman-at-large George H. Bender of Cleveland, committee to notify presidential nominee; Daniel C. Brewer of Dayton, committee to notify vice presidential nominee; John E. Galvin of Lima, the delegation's honorary vice president of the convention.

of LaRue, was granted a franchise in the National League for the 1922 and 1923 seasons.

By the way, don't get Walter Lingo confused with Jim Lingo, who was recently mentioned in these columns as Marion's No. 1 sports fan.

THE BARE ONCE WAS HERE
Babe Didrikson Zaharias is America's top woman athlete and there's no denying it. She first won fame as an Olympic star in 1932. Since, she has tried her hand at practically every sport in the book and has been a success at every one.

One of the latest sports to be taken up by Babe is golf. She's now one of the country's best amateur golfers, having won the Western Open championship with a 7 and 5 victory over Dorothy Germain at Chicago Saturday.

This nationally-heralded victory of 30-year-old Babe brings to mind a visit she paid friends in Marion several years ago. She was visiting the parents of George Emerson, former Marion newspaperman who at the time was serving as Babe's manager having induced her to turn professional. Emerson was employed by the Ruthrauff-Ryan national advertising company, and had persuaded Babe to quit the simple pure ranks for professionalism to help sell cars for the Dodge Motor Co., a client of Emerson's firm. Emerson is now vice president of the firm and head of its Detroit office.

In a conversation with Marion Star reporters, Babe remarked that she had just taken up golf, having only a day or two before gotten in a practice round. She said she got good distance on her putts but that her short game, putting and approaches, was none too good.

Babe still doubts the ball a tremendous distance for a woman, some of her tee shots going 300 yards or better. But her short game has improved. Such a prized title as the Women's Western Open wouldn't be hers if it hadn't.

New Officers Of Job's Daughters Bethel Installed

MISS DOROTHY JONES

Miss Dorothy Jones was installed as Marion's new Bethel No. 2 Job's Daughters, Saturday night in Masonic Temple. Taking office with her were Miss June Harrington, senior princess; Miss Barbara Alspach, junior princess; Miss Ruth Ellen Vail, guide; Miss Jo Ann White, marshal; Miss Phyllis Horne, outer guard; Miss Joan LaMarche, inner guard; Miss Joan Froderick, recorder; Miss Patricia Foraker, chaplain; Miss Jean Baedeker, librarian; Miss Rosella Ann, flac bear; Miss Joan Myers, junior custodian; Miss Joan Hoffman, senior custodian; Miss Marilyn Apt, treasurer and Misses Joyce White, Ruth Miller, Martha Ekey, Helen Beal and Angelina Millner, messengers.

The installation ceremony was performed by the past officers of the Bethel, who included: Miss Nannette Millner, queen; Miss Dorothy Ann Taylor, recorder; Miss Ann Mape, guide; Miss Jean LaMarche, marshal; Miss Virginia Wortz, musician and Miss Martha Ford, chaplain. The retiring queen, Miss Millner, was presented a past queen's jewel by Miss Harrington.

A special test at the installation ceremony was the grand guardian, Mrs. Mary Herrick of Cleveland, who had charge of installing the guardian council consisting of Mr. Fred White, guardian; Arthur Ward, associate guardian; Mrs. Mary Fisher, recorder; Mrs. Marie Ward, treasurer; Mrs. Eve Hunter, musician; Mrs. Herrick also installed Mr. Ward as the grand outer guard of the grand council of Ohio.

Special music was furnished by Mr. Grad, a radio singer from Cincinnati. His numbers were "Open the Gates of the Temple" and "The Lord's Prayer." Piano accompaniments were played by Mrs. Mary Salisbury of Caledonia.

A formal dance followed the installation. Dick Zahn's orchestra played for approximately 150 members of Job's Daughters and their friends. The hall was decorated with purple and white streamers and huge boys of crepe paper.

The event completed activities of the Bethel until fall except for the supreme session in Cleveland some time in August, which several members are planning to attend.

NOTE BURNED AT CALVARY SERVICE

300 Attend Ceremony, Hear Talk by Bishop Epp.

Approximately 300 persons filled Calvary Evangelical church auditorium Sunday afternoon for the service of thanksgiving and praise at which a note of indebtedness was burned. Present were Bishop George H. Epp of the central area of the Evangelical church and Rev. E. E. Nietz, district superintendent. Members of the board of trustees and of the building committee were seated on the platform. The note was passed from the hands of LeRoy Stull, treasurer of the building fund committee, Bishop Epp, Rev. Nietz, Rev. W. W. Paulsen, pastor, Rev. W. W. Freshley, assistant pastor, and Rev. C. C. Zachman, president of the board of trustees, to a moving the debt and in turn handed the note to Bishop Epp. Bishop Epp, who had the note, said the congregation sang the doxology and after the benediction joined hands and sang "Blessed Be the The Father."

Bishop Epp's sermon for the occasion was on "The Sovereignty of God" and Rev. Nietz presented a challenge to the congregation to go forward in spiritual achievement, surpassing that of financial accomplishment. It was reported that the church has already a substantial sum looking forward toward redecorating the interior of the building, covering the church dome with metal and building a new parsonage.

Uninvited Guests Having Big Day at Chicago Convention

By JACK STINNETT
Associated Press Writer
CHICAGO.—More than 2,000 official guests were here this morning for opening of the Republican national convention, but the "uninvited" guests also were having their day in Chicago.

There was "Gen." Jacob Coxey, just a little short of a century old. The man who once led Coxey's army in the search on Washington was here to tell the Republican party of his fiscal policy. So far he hasn't got very far with his plan for avoiding interest on government securities, but the "general" was in there pitching.

Also there was Jeff Davis, "King of the Hoboes," who was here just for a look-see at the corner of the Stevens hotel lobby, ed the note to Bishop Epp. Bishop Epp, who had the note, said the congregation sang the doxology and after the benediction joined hands and sang "Blessed Be the The Father."

Three outstanding members of the group of "uninvited" were "One-Eyed" Connolly, the international gate-crasher who promised to be on the convention floor from Monday morning on.

His likely guests this time will be Andrew G. "Andy" Frain, probably the nation's best-known underman. Andy is the tyeon of all under providers. He says in words of one syllable that "One-

Michigan Favored To Win College Golf Title

By The Associated Press
TOLEDO, O., June 26.—The University of Michigan, which narrowly missed scoring a grand slam in the Big Ten's sports championships during the past school year, was a heavy favorite today to add the national intercollegiate golf title to its already overflowing trophy case.

This wartime title, however, will lack some of the impressiveness of those of pre-Pearl Harbor days. Only about 50 players were on hand for the opening of the 1944 and among the missing schools were Yale, Princeton, Harvard, Stanford and Louisiana State. These five have accounted for almost all of the past national team titles.

Rounded stoncs were used as projectiles in early cannon.
